Summary

Detail-oriented Mathematics and Statistics graduate with a robust skill set in web development, encompassing HTML, CSS, JavaScript and a proficiency in Database Management. I bring practical experience in Javascript, from my pivotal role in developing the "Zuriportfolio" app during my internship with HNG. My professional background includes serving as a backend developer intern and software engineer at HNG. Notably, I hold the distinction of being a HNG finalist, underscoring my expertise in project management and competitive programming. With effective communication skills and a collaborative mindset, I am well prepared to contribute to and thrive in various team-oriented endeavors
